*** Introduction ***

This Astrological Child Report has been designed as a guide for Kate's parents, with a special commitment: to help with Kate's growth and cultural upbringing, to emphasize and strengthen her assets, and to alert the parents to mistakes or possible problems that Kate could face in her life.

Chapter 1 describes Kate the way she really is (position of the Sun), and the way her personality is expressed (Ascendant sign). Chapters 2 and 3 describe the influences linked to her mother and father respectively, which DOES NOT mean a description of their personalities, but the way Kate sees them, experiences them, and which characteristics she takes from each one. In the astrological chart of a brother or sister, the description of parents could be different due to the individual's perspective. Chapter 4 completes the sequence of the description of Kate's temperament, focusing her mind, her attitude toward education, and her intellectual capacity.

Chapter 5 describes Kate's destiny, her vocation, her profession, and the probability of success in the material world. In order to get an appropriate view of Kate's vocational possibilities, it will be necessary to combine what is in this chapter plus what is in Chapter 1 and any other relevant information in the report.

Chapter 6 analyzes the conditions of Kate's health; some tendencies or possibilities to physical diseases are mentioned, which DOES NOT mean that Kate is going to suffer from them, one by one. It does mean that those are her weak points and she is inclined to those possibilities. As a complement, some recommendations for Kate to have better nutrition are mentioned. PLEASE CONSULT A PHYSICIAN REGARDING ANY PHYSICAL PROBLEMS THAT YOUR CHILD MAY HAVE!!! FOLLOW YOUR PHYSICIAN'S ADVICE AND ANY MEDICATION OR THERAPY THAT HE/SHE RECOMMENDS!!! ASTROLOGY SHOULD NEVER BE USED AS A SUBSTITUTE FOR PROFESSIONAL MEDICAL ATTENTION!!!

Finally, Chapter 7 describes the astrological influence of the outer planets which affect all the children who were born in the same period of years, producing common ideas and behaviors and subsequent generational characteristics.

It is probable that you may find some contradictions in the report; this is because some planets may be beneficial in a certain area of life while other planets may be less helpful or even harmful. This means that Kate may have both positive and negative experiences in the same area. You need to draw on your intuition and common sense to come to your own conclusions. But remember that every child, no matter the sign he/she was born in, needs LOVE in order to grow up in the right way.

***** Chapter 1 *****

General description of the child: essential nature and personality. Physical body and childhood.

Sun in Aries:

The Aries child is strong, vigorous, vital, outgoing and very affectionate. Starting from the time she is born, she will try to get everybody's attention and she usually cries till she gets what she wants. Her body is strong, as well as her voice. The great energy she is born with propels her into action, and she starts walking and talking at an early age. She shocks people with her physical strength, moving chairs and other heavy objects. This applies to both boys and girls. She will always be attracted to what is forbidden to her. You need to keep an eye on her because she is so curious and restless that she may be prone to occasional burns or bruises. She does not learn quickly by experience, but always intends to do better. Due to her vitality, she recovers from illness quite rapidly. She is very loving and at the same time she needs effusive demonstrations of love. She is a day-dreamer and sentimental and she will have a bright imagination. She is proud of herself and she seeks admiration. She sometimes loses her temper with explosions that can be frightening, but these explosions disappear as fast as they come. She is not spiteful and she is always willing to forgive and forget. She is trusting and sincere, so her parents should be frank with her, in order to strengthen her self-confidence and ability to be discerning.

Kate may have a problem with being lazy about her school work, but neither scolding nor comparing her with her brothers and sisters is a good policy. Instead of making her feel ashamed, challenging her is a good tactic. She will be a leader among her friends. She will make up new games and will always try to win. The Aries child must learn to obey at an early age in order to avoid big problems in the future. Her heart is soft; she is overly trusting and she is tenacious and persistent. Her pride is also weak and she can easily get hurt.

Birthday presents must be kept well hidden because she is very impatient and she cannot wait for the proper time. She is very generous and a spendthrift, so money will never stay in her pocket. If she receives bad treatment as a child, she will probably be very aggressive in the future. It is better to ask with a smile rather than to order her, so she will try even harder to please her parents. She needs to keep busy, participating in sports or developing creative interests. It is very important to remember that you have to praise Aries children to make them grow up with a feeling of well-being.

Leo Rising Sign:

Kate will make everybody listen to her. Her voice will be strong and its power will be expressed through her whole body. A vital energy will be evident in her physical body all through her life, therefore she does not have to be afraid of any kind of illness. Her disposition will generally be positive and outgoing. Kate needs lots of attention, and she will try hard not to go unnoticed. Her charming smile and her affectionate openness will be her seductive weapons to win over her unprepared parents. She was born to command and she will show it very early. As she grows, she will establish her "kingdom" by conquering the hearts of the rest of the family. Kate's pride is so great that even when hurt, she will not show the pain. Her heart is very noble, she loves good causes and she will fight firmly against injustice. If her Sun (as shown above) is located in Cancer or Pisces, a Leo ascendant will help give her more strength in her convictions, her vitality and her courage. She will be very stubborn, especially when angry. Kate will have artistic abilities, and you will probably see her acting (on and off the stage!). Her manner will always be dramatic and exaggerated, so most of the time you do not have to worry when she says she is suffering on account of something. She will also have a great sense of humor and will fill the house with joy.

Kate's childhood is ruled by the Sun, center of our solar system, and she will feel that her home is the most

important thing in life. She will be very proud of her family, and if one of her parents is socially well-known, this will increase her pride. Kate needs to admire her parents, but her parents must not create an unreal image of themselves. Sooner or later she will discover that it is only an image and this will only destroy her own confidence. The Sun can either give her a luxurious life, or the idea that it is important to belong to a higher class, but either way, she will focus her goals on material success. Kate will prefer expensive objects and name brands. Her parents will have to encourage her innate spiritual values, like sincerity, fidelity, etc. though humility will be against her nature. She will not be very happy helping with chores at home; she will feel she was not born for that. She can also experience periods of laziness when she will demand too much attention. If one of her parents is a bit weak, and submits to Kate's caprices, she will lose respect for the parent. It is very important to be firm with her, but it is even more important to be fair; for example, the rules in the home should apply to everyone in the same way. If Kate gets the support and love she needs to strengthen her inner values, she will be a winner in her life.

*** Chapter 2 ***

Maternal figure: emotions, feelings, capacity to love and share.

Moon in Capricorn:

Kate will be a very serious person and shy with her feelings. She seems very adult, as she is so thoughtful and self-controlled; Kate will show a practical sense and will have many ambitions on the material plane. In the future, she will need an important position in order to feel complete, as she will need recognition. Perfectionist tendencies lead her to be critical of others and she could gain some enemies as a result. This astrological influence gives management ability and some leadership qualities, but it also weakens emotional expressiveness.

Most likely, Kate will have a strict mother, very traditional and conservative. She will be very efficient, practical, and very exacting. She can be raised in a demanding household, where love is shown through duties and fulfillments. It is very important that her parents show her how to relax and be more demonstrative of her feelings; otherwise, as an adult, she may be very materialistic and will replace her need for affection with money. Kate will be very responsible and she will be a very good worker. She will be a perfectionist and difficult to please. This child will probably have a problem accepting her own mistakes and/or shortcomings.

Moon in 6th house:

There is a big connection between Kate's mood and her health. If she is unhappy or depressed, she will probably become ill. Some of her ailments may be psychosomatic, so parents should not give her too much medication. Kate will be a good worker and a perfectionist, which will keep her feeling unsatisfied and may result in frequent job changes. She will be attracted to professions connected with nutrition, health, or agriculture.

Moon Opposition Jupiter:

Kate will probably have an overprotective mother; as a consequence, she will react with a kind of unworried, lazy, and loose attitude throughout her life. She will have to learn to control her attitude about money, as she can be a spendthrift. Kate will tend to enjoy everything, which can drain her physical energies. Kate is attracted to the easy life and may not assume all her responsibilities.

Moon Sextile Mercury:

Kate will have a sharp, imaginative, logical, and fair mind; she will express herself in a harmonious way. She will be a sensible girl, solving her own problems without anxiety. Kate will be able to understand the feelings of others, which gives her the ability to lead people or to become an orator.

Moon Sextile Venus:

Kate will be very sociable. People will be attracted by her great charisma and winning personality; she will have many romantic, loving relationships. She will be quiet, optimistic, outgoing, and aesthetic in tastes. The expression of her emotions will be very refined and she will always show a touch of kindness. Kate will prefer relaxing, non-strenuous activities.

Venus in Pisces:

Kate will be romantic and possess a tender heart. She will idolize each person she loves and can be easily deceived. Her fantasy world will be vast and she will probably look for an impossibly perfect love. She will be very kind, sweet, and understanding of others. Kate will always be ready to sacrifice herself and give everything for love. She will develop a strong intuition and she will be able to feel beyond her physical senses. Emotions give meaning to her life and she would never exchange them for anything material, but Kate may depend too much on her feelings. Her great imagination and inspiration suits her to an artistic profession. Kate will be compassionate with any human being who is suffering, and will be deeply moved when in contact with the beauty of nature.

Venus in 8th house:

She will have intense romances, which will transform her life. Her relationships will not be casual or short-lasting. Kate will tend to be possessive and jealous of those she loves. In the future she could benefit from or inherit things from her lover. She will also make successful investments and do well in business. She could be attracted to occult sciences and, if she practices meditation, Kate can find spiritual peace. Kate can be undisciplined, so it is very necessary for her to be physically active to keep her health in good balance.

Venus Square Neptune:

Most likely, Kate will always be trying to escape from reality. One of her parents may exhibit submissive or evasive behavior, and Kate will learn from him/her to shelter herself in a fantasy world. Her idealism will be great and disappointment may occur in her relationships with friends or lovers. In her emotional insecurity, Kate can easily play the role of a victim. She must learn to act with courage, facing problems and avoiding escapism, which will only make things worse. If she feels hurt, she may sleep a lot or try to get away from people, instead of showing her pain. In the future, Kate will look for an idealistic love that will be almost impossible for her to find.

Venus Trine Jupiter:

Kate will have a strong sense of justice and harmony. She will express herself with freedom, and her feelings will be abundant and sincere. Kate will enjoy life itself, and will find love along the way. Her social life will be important and she will receive support and cooperation when she needs them. Kate will have a strong esthetic sense, which can be seen in her choice of possessions, and will be comfortable in a nice, warm environment, quiet and well decorated. Her positive attitude will make her a lucky person, able to get what she wants with little effort. This can make her a bit lazy.

Jupiter in Cancer:

Kate will develop a great feeling for all the things her heart touches. It is very important that her parents give her love and confidence, so that she can develop the innate sense of protectiveness that she has for herself and for others. Home, family, and friends will be very important for her. As Kate grows, she will develop a taste for collecting antiques. The feeling of ownership and of having roots will give her the confidence and security she needs to face problems along her path.

Jupiter in 12th house:

Kate will be very sensitive, hospitable, and will enjoy giving of herself to others unselfishly. She will need to be needed by others and will be very dependent on their reactions. This astrological position will generally keep her out of harm's way throughout her life. However, she must learn to be more organized, especially with her personal record-keeping and with the legal order of her life. Her great compassion makes her very good at helping professions such as doctor, nurse, or social worker.

Neptune in 5th house:

Kate will be very romantic and will have great creative potential. She will also tend to dramatize the situations she experiences and to idealize the people she loves. Her romances will be complex and unconventional; most likely, Kate will experience a deeply passionate but heartbreaking and impossible love. Her approach to life will be childlike and she will try to have fun at every moment. It will be important for her to be more realistic and objective in her judgments.

***** Chapter 3 *****

Paternal figure: authority, power, capacity to assume responsibilities and to defend oneself in life.

Sun in 10th house:

Kate will be very ambitious; she will aspire to a high position in life and she will control her own destiny. Kate was born not to follow others, but to direct her own steps, and will show difficulty and rebelliousness in following any kind of authority. The relationship with her father is very important for her, and in a way, will determine her future ambitions. Her father will be well known in social life, but this does not mean that Kate will follow in her father's footsteps. From him Kate will learn to fight for her own goals, to act with decision and self-confidence, and to be loyal to her own principles. This astrological position will bring material success, social recognition, and a higher status in Kate's life. Her great energy and pride will make her an invincible person.

Sun Square Moon:

Most likely, Kate will be raised in a home where her parents are very different from one another. Her opinions or feelings about them could always conflict, which may affect her inner security. As an adult, Kate has to attune her personality with her emotional world; Kate will feel contradictions and will try to compensate for her own mistakes with her mate. Her greatest difficulty will be a lack of self-acceptance; that is why parents must be open and not compete for power or undervalue themselves. If this is done, Kate will learn to know her parents and to accept them the way they are, and as a consequence she will be able to accept herself.

Sun Square Jupiter:

Kate will find too much comfort in her life and will not be willing to put much effort into reaching her goals. This is because of the over-protection she receives, especially from her father. She can also show great optimism and naivete, which could make her believe anything and everything. People can have a big influence on her. Parents must be a bit more strict and must teach her to be more disciplined and to have more dedication to her tasks; otherwise, as an adult Kate will be very untidy, indulgent, and will easily commit excesses, such as with food or drink.

Saturn in Virgo:

Kate will be a hard and careful worker with a moral and conscientious attitude. She will be very efficient, secure, and discerning about her tasks. She will show a lot of attention to detail and will always be looking for perfection in everything she does. Kate will have to cultivate her sense of humor and learn to avoid the tendency she has to worry about everything. Whenever she feels useful, her self-esteem will increase. Her practical and realistic attitude can lack idealism and imagination. From an early age, Kate will develop a critical attitude toward herself and others. She can condemn herself for any mistake she makes, which can inhibit her initiative in the future. Kate must learn how to be more relaxed, how to accept her mistakes, and start growing from them.

Saturn in 2nd house:

Kate can be raised in a family where everybody is concerned about money or experiencing financial problems. As a result, Kate will be very much concerned with these matters. She will be cautious and will always be trying to save money, because she will be afraid of being without it. This astrological position does not mean that Kate will not be able to earn money, but that she will do it slowly and gradually. Kate must work hard and persistently to

reach her goals; she will have to overcome her anxieties. Kate can earn money from real estate investments.

Mars in Aries:

Kate will be independent, vigorous, domineering, autocratic, and brave. She will not tolerate routine, and it will not be easy for her to compromise. Kate was born full of strength, initiative, and aggressiveness. Her enthusiasm will be easily communicated and she will impose her authority on others. Negatively, this position could make her irritable, impatient, hard to please, and uncontrollable. If Kate can learn how to handle her excessive energy, she could be a success in any field she chooses. Kate will have great physical energy and her body will recover easily from any illness. Kate will be a restless child who needs to be active all day long, which is why she could excel in sports and other activities that stress fitness. Kate will get angry quite easily, but she will calm down just as quickly. Kate must learn to control her selfishness; she must think before acting. She may need supervision, because her great tenacity and courage may make her prone to having accidents or falls.

Mars in 9th house

Kate will be independent, enthusiastic, and very curious. Her restless mind will motivate her to further her education and to achieve the goals she sets for herself. It is likely that Kate will have conflicts with or completely reject her religion, as she will rebel against its demands and will have her own ideas about God. If this idea of God becomes very developed, Kate has the potential to be a religious fanatic. Her restless mind will make her plan many trips around the world.

Uranus in 4th house:

Kate will have many changes of address and will also have ups- and-downs with her family. Her mother will have a very distinctive personality and will be original and independent with her ideas. Generally, she will have unusual ancestors and will have an irregular childhood, possibly being separated from one of her parents or living in a special or uncommon situation. Kate will not choose a quiet life, so she will often change her residence, job, lover, friends, etc. When mature, she will be interested in astrology and occult sciences.

Pluto in 3rd house:

Kate will have an intense and powerful mind. With her intuitive and penetrating mental capacity, she will easily understand secret and very deep matters. She could be inconstant with her studies and could change schools, or even drop out completely. Her communication will not be very fluent and sometimes she will express her opinions in a rough and aggressive way. The relationship with her brothers and sisters will be very intense, and she will experience deep and total changes around her which will affect her emotional world. If these changes were negative, Kate could become more aggressive and impatient.

***** Chapter 4 *****

Mentality: intelligence, studies and capacity for communication.

Mercury in Aries:

Kate's mind will be quick and sharp. She will be an independent thinker and will love talking about her favorite subjects. Her dynamic and active mind will not allow her to concentrate on one thing for very long. Kate will always be ready for physical action, and she will often act and say things without thinking first. She will like challenges and also will defend her position aggressively. Kate will make up her mind quite quickly, but that does not mean she is going to be right. Kate will express herself clearly and easily, and will also have the ability to improvise. Though her mind will be sharp and inventive, this astrological position does not help in the pursuit of education, due to the great need for physical action that Kate will experience. That is why Kate must learn to combine some hours of study with physical activity. Her mental attitude will make her domineering and always trying to prevail, as well as willing to take risks in business. Kate will try to protect the people she loves, too. The way she expresses herself can be rude and unrefined; she can lose her patience quite easily and become angry; however, she will calm down very quickly and will not be rancorous.

Mercury in 9th house:

Education will be a very important aspect of Kate's life. She will be interested in law, medicine, philosophy, religion, and everything related to old and exotic cultures. She will probably travel frequently and will also learn several languages. Kate could excel as a teacher, historian, or anthropologist. Also, she will be very intuitive and a visionary, though sometimes she could be a bit dogmatic. In spite of her strong convictions, Kate will encounter situations which cause her to question beliefs and will transform her way of thinking.

Mercury Conjunction Venus:

Kate's communication will be warm, soft, and sweet. She will always try to say every word at the right moment. She will be very persuasive and could excel as an orator. Her mind will not be totally logical, as it will be dominated by her feelings and by her elevated sense of beauty. She could have some problems with abstract sciences such as mathematics, because her mind works better with real images.

Mercury Trine Jupiter:

Kate will be a very tolerant, generous, and optimistic person. She will always see the positive side of every situation; she will be very respectful of the traditions and opinions of others. Kate will have the ability to organize and to plan large enterprises. She will enjoy travelling and any other activity which could help to expand her mind. It will be easy for her to communicate with people and to learn other languages.

Virgo on 3rd house cusp:

Kate will have a very analytical mind and will be a perfectionist, always paying attention to small details. Kate will seek a way to channel her fantasies into practical things. Her great imagination and inspiration will match her capacity to analyze and see the multiple aspects of any situation. Most likely Kate will be shy about expressing her opinions or imposing her ideas on others. If she can overcome her inhibitions, she will be a leader, attaining positions of authority at work or in an independent profession. Her scientific mind will make her curious and she will search for a logical and coherent understanding of the reality around her.

***** Chapter 5 *****

Destiny: vocation, profession, probability of success and social recognition.

Aries-Taurus MC

Kate's spirit is a combination of an adventurer and a seeker of stability. She will be very ambitious and will work hard to reach her goals. Kate could excel as a director of a corporation and may also participate in the technical operations. In other words, she will be versatile and able to excel in several different areas, giving her a broad scope of expertise in her field of business. If she becomes a factory owner, she will know every aspect of her factory; if she were a craftsman, she would also sell her own products; if she were an actress, she would be her own manager. If Kate works for another person, she will rarely agree with her boss. Her sense of authority will often conflict with rules or methods imposed by others. Kate must learn to trust her own initiative and to work in a persevering way to turn her ideas into reality. There will be money in her future and she will show her love for it.

Her career choice could be one of the following professions or a combination of some of them: manager, accountant, craftsman, designer, decorator, architect, etc.

Most likely she will learn from her parents the ability to combine activities and abilities. For instance, her mother can be a hard worker, a fighter, and at the same time, sweet and home loving. The main point is that Kate will learn to do many things and will develop herself in many different ways, becoming effective as an employee as well as an employer. Aries and Taurus individuals will influence her destiny.

***** Chapter 6 *****

Health: probable physical problems and recommendations for diet and nutrition.

Sun in Aries:

Aries rules the head, the brain, the skull, the eyes, the face, the superior jaw, and the inner carotid arteries. Kate will be inclined to have strong headaches, high fever, problems with the eyes or with the ears, dental problems, hemorrhage, etc. Generally, she will have a good vitality and will recover quite fast from any physical discomfort. Most of her problems will originate from her impulsiveness, aggressiveness, and impatience. It is probable that Kate will enjoy eating meat and other strong or highly seasoned foods, rather than vegetables. Some of her digestive problems will come from her hurry to swallow instead of chewing her food thoroughly.

In order to have good health, Kate will always need to take into account the following advice: she will have to practice a sport almost every day, especially one which requires physical effort; she will have to drink large quantities of pure water and avoid sodas; she will have to learn to follow a good and varied diet, including vegetables and fruits; she will have to start to control her explosive emotions; she will have to sleep regular hours; she will have to avoid having fun in stuffy or smoky places; she will have to live in a bright place; and, in general, Kate will have to avoid irritating behavior and irritating relationships.

Saturn in Virgo:

This astrological position could bring intestinal obstruction, constipation, colitis, diarrhea, poor peristaltic movement, and/or a slow action of the enzymes in the liver. Kate will have to aid the gastro-intestinal process, eating food rich in fibers.

Capricorn on 6th house cusp:

The short term problems related to Kate's health could originate from the lack of Vitamins C and K, proteins, calcium, and folic acid. The common diseases will be located in her bone structure and joints (especially her knees), the skin and the hair.

In order to prevent these problems, Kate should include in her diet: soy and its products, alfalfa and soy sprouts, spinach, celery, carrots, potato, watercress, tomato, cauliflower, all the non-refined grains and seeds, wheat germ, orange, lemon, grapefruit, strawberry, banana, grapes, pineapple, coconut, apple, non-fat milk, soy or goat milk, fresh cheese, plain yogurt, egg yolk, fish and poultry.

The long term problems related to Kate's health could originate from the lack of Vitamin B-2, potassium, and fluorine. Her common diseases will be digestive in nature. Kate will have to avoid elements which irritate the digestive system; also she should eat calmly and in harmony, chewing every piece very well before swallowing it. She will also have to avoid liquids while eating.

She should follow the diet mentioned above, plus: lettuce, cabbage, peach, blackberry, mango, peanut, tangerine, and large amounts of pure natural water during the day. She will have to avoid coffee, spicy seasonings, and other irritants.

Moon in 6th house:

Kate could have problems related to the production of liquids and fluids in her body; she will also have frequent allergies, especially in between seasons. The main indicator for her health will be her emotional situation, which is why she should always seek many different means of expression and release of her inner world.

Jupiter in 12th house:

Kate could have problems related to overeating, her response to any stimulation and indulgence. This astrological position could bring problems with obesity and negligence of her own health. Kate should take care of her liver and reduce any dietary excesses, especially with fried and/or fatty foods.

***** Chapter 7 *****
**Generational influence: ideas and feelings common to
your child's age group.**

Uranus in Scorpio:

Kate belongs to a generation of people who will break many taboos about sex, life and death, and other matters of a personal nature. She will defend her own ideas almost fanatically and will become aggressive when challenged. She will be very vigorous, dynamic, and secure in her self-expression, though she will need to learn to be more flexible. Her intuition will be powerful; many inventions and discoveries will characterize her era, especially in fields like medicine and metaphysics.

Neptune in Sagittarius:

Kate's generation will seek to discover new religious and philosophical values. They will inquire deeply into the different meanings of life. It is also probable that during this period many laws and educational programs will be changed. As a part of this generation, Kate will be very interested in being a member of reform groups; she will be inclined towards new ideas, will search for a universal religion, and will get to know different cultures. It is also probable that she could meet false prophets, but her strong intuition will tell her who is who.

Neptune Sextile Pluto:

Kate will have great creative and artistic ability. Also, she will fight against injustice and will try to reform the legislative system. Her intuition will be powerful and will compel her to study and uncover the secrets of nature. Most likely, her ideas about freedom or the way she will use her mystic knowledge will not be totally understood; however, her interest in this matter will not vanish.

Pluto in Libra:

Kate's generation will be concerned about the development of human relationships and their communications. They will not be very selfish and will understand the importance of listening to others, always seeking balance and harmony between different points of view. They will be interested in psychology and sociology, and will propose new styles of association, in business as well as in personal relationships, trying to find better understanding and happiness. Their policies will lead to peace treaties between different countries, making possible the avoidance of the arms race or political power struggles. As a part of this group, Kate will show a great love of beauty and harmony; she will have a strong sense of justice and well-developed social instincts.
